

NEW PRODUCT

# XLINE E210

# UNBEATABLE CLIMATE FOR CONSERVATORIES

With its cubic, modern design, the new XLINE E210 is equally captivating with a box size of 210 x 180 mm and a total single system width of 6 x 6 metres (4 x 7 metres available as an option)

- Flush closing-off for fallbar when awning is extended
- LED lighting
- Box facing down with distance brackets or box facing up using a tilting bracket
- Several single systems can be linked together
- Tried-and-tested counter-tensioning technology
- Zip system (ZipRail)

System width up to **6 metres**

## VARIABLE INSTALLATION

Can be used in various ways – one box, two different positions. The box can face down or up, with a range of mounting options such as distance brackets, U-shaped distance brackets, angled distance brackets, reveal brackets and clip brackets.

## FLUSH CLOSING-OFF

The concealed strap clamp and the revamped guide roller allow the fallbar to be virtually flush against the guide track when the awning is in its extended position.
